

Dr. Carl Christman’s interactive keynote explores interpersonal communications and influence from a radically different perspective. Participants will gain the tools to relate to family, friends, and colleagues more productively. It unlocks the secrets of real mind reading by focusing on body language and micro-expressions. It also helps harness the power of persuasion by learning what researchers have proven and what top sales people use. If your life would be easier if you knew what people are thinking, this session is for you. If you have to persuade people at home or at work, this session is for you.
